Kim,

We just wanted to give a big thank you to you for making the U-Pick Live shoot at Killington not only possible – but also a pleasure. We had a blast. And we shot so much great stuff that has been airing and will continue to air over the next 2 months (enclosed are some VHS copies – more to come). Congratulations on the little one. Make sure they watch Nickelodeon.

Please come visit us at the show in NYC. And thank all your crew and co-workers. They were all amazing. You guys went above and beyond.

Thanks again,

Jonathan and Wil
